6. [REDACTED] Briefed J. Russell Blandford, Chief Counsel, House Armed Services Committee; Frank Slatinshek, Assistant Chief Counsel, House Armed Services Committee; William Woodruff, Assistant Chief Clerk, Senate Appropriations Committee; and Robert Michaels, Staff Assistant, House Appropriations Committee, on what we know about the Chuyen case, emphasizing that despite press speculation our hands are entirely clean. Also attempted to reach Edward Braswell, Chief of Staff, Senate Armed Services Committee, but he was unavailable throughout the day. Mr. Blandford remarked that Chairman Rivers was interested in the case on the basis of press stories and had been unable to find out anything from the Pentagon. Blandford said it always "infuriates" Rivers when he can get more information from the press than from the Pentagon.

All seemed satisfied, although Woodruff commented that since Captain Budget Williams, one of the Special Forces officers involved, was from Athens, Georgia, Senator Russell may want to "talk to someone" more about the details if Williams' family appealed to him for assistance. See Memo for the Record.

8. [REDACTED] Bill Woodruff said that Senator Russell had seen our letter on withdrawal from the reserves to finance our radio operations and completely approved our solution, remarking that it would not have been feasible to try to deal with the problem under the continuing resolution.
